## Wet grinding dust collection

Safely, easily, and sustainably extract grinding dust without pressure loss with the WES (Wet Extraction System). This wet-operating extraction system eliminates fire and explosion hazards.

# WES

## DUST EXTRACTION SYSTEMS

**Q-FIN**  
Quality Finishing Machines

- ✓ Low-maintenance filter system
- ✓ Prevents fire and explosion hazards
- ✓ Constant capacity with no loss of suction power
- ✓ Wear-resistant construction made of stainless steel
- ✓ Automatic filling system and water level control
- ✓ Can be combined with all Q-Fin finishing machines

DUST EXTRACTION
